Comments

1. Available information indicates that the arsenal at Chuchou was producing only small arms ammunition and hand grenades in 1948. [REDACTED] 25X1A [REDACTED] reported that in late 1952 the Chuchou Arsenal was producing light infantry weapons, bazookas, and 60-mm. mortars. See also [REDACTED] which reported that the Chuchou Arsenal was producing arms for a new Hunan public security division in September 1952. 25X1A
